Digital Product Development Independent Contractor

Telkom's Innovation is looking for a top performing Independent Contractor to work as an integral part of a highly visible and Agile Innovation project, in a fast-paced environment with short timelines.

This opportunity is open only to candidates who can work as Independent Contractors.

We do not accept agency resumes and are not responsible for any fees related to unsolicited resumes. Candidates interested in applying for this opportunity must be geographically based in the Jakarta and possess the necessary work authorization.

Responsibilities:

- Participate in planning and scoping sessions for a technology product or platform
- Coordinate with business subject matter experts (SMEs) and stakeholders
- Develop functional architecture design and contribute to product vision

Qualifications:

- Professional with minimum of 2 years of relevant experience
- Prior experience with enterprise product design, development and deployment; experience with agile methods is a plus
- Ability to manage clients, complex projects, drive business requirement gathering, manage scope and client expectations

Location/Division: Direktorat Consumer, Jakarta

Job Requisition: TOT300118001

Work location(s): Telkom Landmark Tower, 29th floor

Work will be completed: During usual business hours

Approximate number of hours per week: 31-40 hours
